I've Purchased Denali eDelivery – What Now?

STEP ONE: Download and install the file on your PC

1. On the computer you want to install eDelivery, open the **eDelivery** tab in the **Software Installations** section on the Customer Service Center.
2. Choose the eDelivery version that matches your Denali setup (32- or 64-bit) and click the link to download the file.
3. Follow the installation wizard prompts.

STEP TWO: Get your product serial number

Before you can begin using eDelivery, you will need a serial number from Cougar Mountain.

1. Open eDelivery and click **Tools** > **Default Options**.
2. Enter your information in the required fields and click **Save**.
3. Next, click **Help** > **License Manager.**
4. In the top section of the License Manager window, enter your contact information.
5. Click the **Email Cougar Mountain Software Support For Your License** button. Cougar Mountain Operations will email you within one business day with your product license.
6. After you receive your license, return to the License Manager window and browse for the license file you received from Cougar Mountain.
7. Click **Import License File**.

You should now be able to use eDelivery. Please call us at (800) 390-7053 if you have any questions.
